Mr. Jerry Dastrup  
DTM Minerals  
P.O. Box 120  
Sigurd, UT 84657

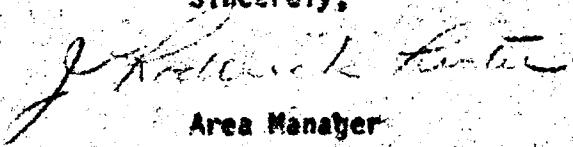

Dear Mr. Dastrup:

Aggra-Insulite Marketing, Inc., has filed a Notice of Intent to conduct mining related operations on your claim MM 35K (UMC 249739) in T. 25 S., R. 4 W., Sec. 30, S1/4. This notice has been accepted and assigned case file number UT-056-92-02H by this office. You are reminded that under 43 CFR Surface Management Regulations that DTM minerals as claimant bears ultimate responsibility for surface reclamation on lands disturbed by mining related operations.

A copy of the acceptance letter forwarded to the operator is attached. Please pay particular attention to the BLM's opinion that the material is a common variety, which requires that the mineral be brought under the 1947 Materials Act rather than located under the mining laws.

If you have any questions, please contact Ray Audette at (801) 896-8221.

Sincerely,

  
Area Manager
